SALE NO. 75

TERMS OF SALE

This is a Mail Bid Sale, as well as a Public Auction. We act as the Agent for all Mail Bidders and will secure the lot for the Mail Bidder at the next regular advance over the second high bid, whether by Mail or by Person. There is no charge for this service, and in many cases a Mail Bidder will receive a lot at a much lower figure than the maximum authorized. Mail Bids will be accepted until the actual starting time for each Public Session.

All lots offered will be sold to the highest bidder without reserve.

All items offered are guaranteed to be genuine and as listed.

Lots to be mailed to addresses not in the United States of America or its Territories, will be made only at the risk of the purchaser. We cannot obtain insurance on material sent by U.S. Registered Mail to other countries; therefore, bidders must provide their own insurance or assume the risk of non-delivery. We can obtain insurance for small amounts when shipping by U.S. Air Parcel Post or for larger amounts when shipping by Air Freight through a private carrier. Both Parcel Post and Air Freight require that we furnish a detailed listing of the contents of the package, as well as the price of each item. Since this information is placed on the outside of the package, we feel it only adds to the risk of non-delivery. Foreign bidders must supply full detailed shipping instructions and agree to all terms as listed hereon, before shipment will be made.

Error on the part of the Cataloguer will be cheerfully corrected. Please check your bid sheet carefully, as we cannot accept responsibility for the errors of others.

Postage and insurance will be added to all lots sent by mail. Unless otherwise indicated by the bidder, we will use our own discretion as to whether material will be sent by Air or Surface Mail.

State Sales Tax will be added where applicable.

Terms are Cash. Checks payable in U.S. Funds only, will be accepted from persons known to us, or from those who furnish satisfactory references and proper identification. We must have ample time to check references if they are to be acceptable to us. Payments made by Bank Transfer from foreign accounts must be made in U.S. Dollars to the Account of Jess Peters, Inc., in care of the First National Bank of Decatur, through any U.S. correspondent bank.

Title to all coins remains with the cataloguer until paid for in full.

Material offered in this sale may be examined by appointment only, at our bank, during banking hours through Nov. 13th, and at the Auction Site prior to each session.

Prices Realized lists will be sent to all persons on our subscription plan. Others may order them at $1, and we appreciate payment being made with the request. Lists are usually mailed within ten days after the sale closes.

We normally issue at least 8 Mail Bid and/or Public Auction Sales each year. Sample catalogs will be sent persons requesting them. Free by surface mail or to U.S. addresses. Air service to other countries is available. Please inquire about charges.

CONSIGNMENTS ARE SOLICITED FOR FUTURE SALES.

A SMALL BUT VERY IMPRESSIVE CONSIGNMENT OF UNITED STATES LARGE CENTS

2622- 1793 S-9 R-2 Crosby 9-h Wreath. The horizontal stem; large round bow. VF 30. About Extremely Fine in sharpness. The obverse is a mottled black and brown, displaying some scattered areas of porosity in the fields and about "LIBERTY." The reverse is Choice; mostly even brown and very smooth. A remarkable feature of this Cent is its total lack of any notable nicks, scratches, or rim dents that usually mar a heavy piece of copper such as this. A premium coin for the date or type collector PLATE

2623- 1793 Wreath Type Sh-9 near VF mod hdlg, lt edge nick and bump, lt pitting, dark RARE PLATE

2624- 1794 Sh-60 Former R-4, now R-3 Hays-35 thick hair; close date. Very Good 8, perhaps better. Very Fine sharpness. Dark steel rubbed to a medium brown on the higher points of the design. Surfaces microscopically granular. Obverse dig in field below chin and a few smaller ones on the reverse. Several rim cuts and dents with the major ones on the reverse. Still, an acceptable specimen of this popular date.

2625- 1794 Sh-30 VG usual weakness near top right on reverse, mod nicks, scratches, edge nicks, ltly pitted

2626- 1797 Sh-120b VG+ hvly pitted surfaces

2627- 1797 Sh-131 R-3 Doughty-98 Clapp-Newcomb-14 curved break behind hair ribbon; stemless wreath. Very Fine 20. Steel color rubbed to brown on the highest points. One of the sharpest specimens seen but, unfortunately, the surfaces are not too clean. The obverse displays some shallow pitted areas on the throat, middle of the hair, ribbon, and areas of the field. The reverse shows some encrustation (removable?) about the right wreath stem, terminal leaves, and "STATES." There are a few minor rim bumps on either side, none of which encroach upon the field. An excellent opportunity for the type collector to pick up his "stemless wreath" or the variety collector to obtain a sharp Sh-131.

2628- 1797 Sh-131 R-1 Doughty-105 Clapp-Newcomb-22 Strong Very Good 8. a rather clean Cent with no defects inconsistent with grade.

RARE PAIR OF 1798'S

2629- 1798 Sh-146 state b low R-6 not in Doughty Clapp-4 Island at left lower corner of "E" F-15. Sharpness of Very Fine 20 to 25 for this ground down die. Down-graded here for some scattered obverse porosity (which does not change the overall medium brown color) and a dent on the cheek. On the reverse a tiny nick at "C" of "CENT" and a very minor rim bruise at "C" of "AMERICA" are mentioned only for the sake of accuracy. This piece is probably 9th or 10th finest in condition for a variety that can boast no mint state example. A rare opportunity. PLATE

2630- 1798 Sh-166 F-VF hvly pitted, encrusted

2631- 1798/7 Sh-151 R-4 Doughty-112, Clapp-9 close overdate; short fraction bar. Fine 12 for this weakly struck variety. As Dr. Sheldon states in Penny Whimsy, "This and the preceeding variety are always struck in very low relief. Their condition therefore tends to be underrated." About Very Fine sharpness for this die. The obverse has some scattered light rust pits which do not disturb the dark steel on brown color. The reverse is much cleaner and very sharp considering the rather late die state; all cracks mentioned in the book are well developed. An amazingly clean Cent with no scratches or rim dents. The only thing that even resembles a defect is a small (keg?) dent in front of the neck. This is the only '98 overdate die which shows the "7" clearly and strongly under the "8." A premium coin for the variety or type collector.

2632- 1798 Sh-147 former R-6, now high R-5 Doughty-116 Clapp-5 Skewed fraction. Good 4. Sharpness of Very Good but dark and somewhat rough. A good chance for the variety collector to fill a tough hole.

2633- 1798/7 Sh-152 former R-3, now high R-2 Doughty-113 Clapp-10 The wider overdate Very Good 7

2634- 1798 Sh-157 VG hvly pitted

2635- 1798 Sh-176 low R-5 not in Doughty Clapp-36 Fine 15 Choice surfaced light brown obverse. Reverse same color but with darker areas and some scattered "pock" marks about the periphery. Again, absolutely no rim dents or scratches worthy of note. A rare and beautiful Cent!

U. S. LARGE CENTS

2636- 1798 Sh-181 former R-5, now R-4 Doughty-136 Clapp-41 Horizontal crack in left field; large fraction. Very Good 8, or better. Fine to Very Fine sharpness, but surfaces somewhat granular. Very Scarce variety.

2637- 1800/"1799" Sh-192 former R-4, now high R-3 Doughty-141 Clapp-Newcomb-3 Very Fine 20, or better. About Extremely Fine 40 sharpness but obverse is dark and minutely and evenly porous. Reverse mostly olive to black and also shows some almost microscopic porosity around the right side. An important Cent as there are three Very Fine 25 coins in the top ten. Sharp 1800 overdates are always in demand PLATE

CONDITION CENSUS LEVEL S-207

2638- 1800 Sh-207 R-4 not in Doughty Clapp-Newcomb-20 Rim break under fraction. Very Fine 25 obverse medium to dark brown with steel colored crescent at right. reverse similar color with steel crescent around edge from 5 to 9:00. Mid die state, but this example is sharp enough to show that the row of impressed denticles extends over "LIB" and left - a condition that Dr. Sheldon did not describe. This is a handsome Cent with no appreciable defects. The only thing that even comes close to marring its beauty is a little pitting on the rim above "NIT" and a small spot of the same on leaf and field below "TE" of "UNITED." This piece is tied with two others for sixth finest of the variety. PLATE

2639- 1801 Sh-216 low R-2 Doughty-160 Newcomb-8 Blunt first 1; close denominator. Mint State 60. Irridescent reddish brown faded from mint red. An extremely beautiful Cent. The only defect is a short, very light scratch in the field behind the lower locks, which does little more than disturb the frost. About equal to the Mehl-Clarke-Naftzger specimen which was auctioned by New Netherlands 11-14-73 (lot number 530 @ $1,600. This Cent, however, is sharper struck, especially on the reverse, and is not plagued by the "flyspecks" on that piece. At worst, this piece is tied for third finest of the variety. What this cataloguer believes to be the finest mint state example is permanently impounded in the ANS Museum. What more needs to be said? PLATE

THIRD FINEST KNOWN 1802 NC-2

2640- 1802 NC-2 high R-7 not in Doughty Newcomb-7 Very Good 10, or better. Sharpness of Very Fine 20. Dark blue-grey color. Obverse slightly rough but not unattractive. There are a few small nicks in the hair. Reverse is rougher with scattered encrustation, however the design is very sharp. This specimen is third finest of only seven known specimens. The finest specimen (AU-50) is in the ANS Museum, forever off the market. The next best (VF-20) is in what is probably the finest private collection of Large Cents in existence destined for a 40 to 50 year and perhaps permanent repose. The specimen offered here is the second finest available to a collector. The other four specimens grade 7-7-6-4. Perhaps the opportunity of a lifetime for the specialist! PLATE

2641- 1802 Sh-233 former R-4, now R-3 Doughty-167 Newcomb-11 Very Good 10, but with several obverse scratches

2642- 1803 Sh-245 former R-4, now R-3 Doughty-189 Newcomb-3 The "Unicorn" variety Very Good 8 reddish brown with some (removable?) green verdigris on reverse

CHOICE CONDITION 1803 CENT

2643- 1803 Sh-251 R-2 Doughty-190 Newcomb-9 The farthest 1 and 3; short fraction bar. Obverse: Mint State = 60, reverse: About Uncirculated 55. A choice lusterous medium to dark brown Cent with just a slight rub on some of the reverse leaves. Third or fourth finest known of the variety. A prize for the connoisseur! PLATE

2644- 1803 Sh-251 Same variety as last Very Good 8

2645- 1803 Sh-258 R-1 Doughty-193 Newcomb-16 Very Good 10 Light brown on the high points, darker in fields. A choice clean surfaced Cent with no dents or scratches. An uncommonly clean example of a common variety.

2646- 1803 Sh-265 R-4 Doughty-197 Newcomb-22 The famous Large Date - Large Fraction Very Good 7 Mostly black with reddish brown highlights. A pleasing defect free example of an important type coin

2647- 1806 Sh-270 R-1 Doughty-202 Good 6 reddish brown and black No major defects Scarce Date

2648- 1807 Sh-271 R-1 Doughty-205 Clapp-4 "Comet" variety Very Good 7 Mostly black, but clean save for a small dig at "N" of "ONE."
